

***Request for forgiveness!***

As a German I confess to God and to you the evil sins of my people especially during the Second World War.

We brought great suffering to the European countries, especially to the Eastern countries and to the Jewish people.

I feel ashamed of it as a German Christian and I ask for forgiveness.

Only the Blood of Christ can cover this sin and heal broken hearts.

God the Father, Son and Holy Spirit bless you and your people.

***We love you.***
